

Expand Your Earth Sciences Library With AGU Publications

AGU publishes titles on tectonophysics, geodynamics/geodesy, seismology, geomagnetism, volcanism/geochemistry/petrology, oceanography, climatology, and more that keep you current on what's happening in your discipline. See the list below for a sample of what AGU has to offer.

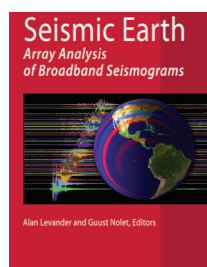

The State of the Planet: Frontiers and Challenges in Geophysics

Robert Stephen John Sparks, Christopher John Hawkesworth, Editors
Copublished with IUGG

Geophysical Monograph Series, Volume 150, 2004, 410 pages, hardbound.
ISBN 0-87590-415-7, AGU Code GM1504157

List Price: \$70.00 **AGU Member Price: \$49.00**

What does the 21st century hold for Earth system science and geophysics? How can we optimize past discoveries and current breakthroughs? What problems continue to defy resolution? This volume responds to such questions in 30 papers by leading scientists from selected core disciplines. Papers are derived from prestigious Union Symposia at the 2003 General Assembly of the International Union of Geodesy and Geophysics (IUGG).

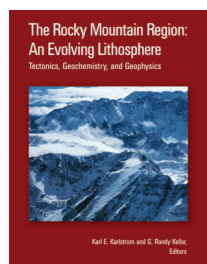

Seismic Earth: Array Analysis of Broadband Seismograms

Alan Levander, Guust Nolet, Editors

Geophysical Monograph Series, Volume 157, 2005, 280 pages, hardbound.
ISBN 0-87590-422-X, AGU Code: GM157422X.

List Price: \$80.00 **AGU Member Price: \$56.00**

By addressing the new means available to analyze data from large observational efforts—such as Canada's POLARIS, the USArray, and similar projects in Europe and elsewhere—this monograph will quickly become an essential resource for solid Earth scientists across the globe.

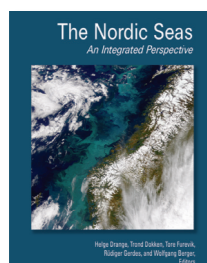

The Rocky Mountain Region: An Evolving Lithosphere — Tectonics, Geochemistry, and Geophysics

Karl E. Karlstrom, G. Randy Keller, Editors

Geophysical Monograph Series, Volume 154, 2004, 482 pages, hardbound.
ISBN 0-87590-419-X, AGU Code GM154419X.

List Price: \$80.00 **AGU Member Price: \$56.00**

With new levels of resolution afforded by modern seismic and analytical techniques, this volume will advance our understanding of how the continents work. For seismologists, tectonophysicists, volcanologists, geochemists, and petrologists, and students of solid Earth history.

The Nordic Seas: An Integrated Perspective — Oceanography, Climatology, Biogeochemistry and Modeling

Helge Drange, Trond Dokken, Tore Furevik, Rüdiger Gerdes, Wolfgang Berger, Editors

Geophysical Monograph Series, Volume 158, 2005, 370 pages, hardbound.
ISBN 0-87590-423-8, AGU Code: GM1584238

List Price: \$85.00 **AGU Member Price: \$59.50**

Scientists, researchers, and students of physical oceanography, atmospheric physics, climatology, and marine geology and geophysics will find this work an integrated resource in our evolving view of the history, present conditions, and future character of the Nordic seas and related global phenomena.

AGU Chapman Conference The Great Plume Debate: The Origin and Impact of LIPs and Hot Spots

**Ben Nevis Hotel,
Fort William, Scotland
28 August – 1 September 2005**

HOW TO ORDER:
AGU
2000 Florida Ave., N.W.
Washington, DC 20009 USA

Toll-free inside North America: 800.966.2481
Outside North America: +1 202.462.6900
Fax: +1 202.328.0566
Web site: www.agu.org E-mail: service@agu.org

2005-2006 Future Meetings

2005 AGU FALL MEETING 5-9 DECEMBER • SAN FRANCISCO

Online Abstract Deadline: 8 September 2005
Housing and Pre-Registration Deadline:
3 November 2005

Online Abstract Deadline: 20 October 2005

JOINT ASSEMBLY Baltimore, Maryland 23 – 26 May 2006

Deadline for Session Proposals: 20 October 2005
Abstract Deadline: 1 March 2006

2006 Western Pacific Geophysics Meeting

24-28 July 2006
Beijing, China

Deadline for Session Proposals: 7 November 2005
Abstract Deadline: 16 March 2006

Chapman Conferences for 2005 and 2006:

Effects of Basement, Structure, and
Stratigraphic Heritages on Volcano
Behaviour

Taal Volcano, Tagaytay City, Philippines
16-20 November 2005

Jets and Annular Structures
in Geophysical Fluids.

9-12 January 2006
Savannah, Georgia
Abstract Deadline: 13 October 2005

Complete meeting details at www.agu.org
